MADE IN CHINA

How to use the Super Pump Bluetooth® Earbuds:

- Charging: When charging, the indicator light will turn red. When fully charged, the indicator light will turn blue.
- Volume Up or Down: Press and hold "+" or "-".
- Next or Previous Track: Press "+" or "-".
- ON/OFF, Play/Stop, Answer/End Call: Press and hold the ON/OFF button to turn the earbuds on or off. Press the ON/OFF button to play or stop audio. Press the ON/OFF button to answer an incoming call. Press and hold the ON/OFF button to refuse a call. You will hear a voice confirming these actions.

How to connect with Bluetooth:

Press and hold the ON/OFF button until the LED indicator flashes blue. After you hear "Power ON", keep holding the ON/OFF button until you hear "Pairing". When the LED indicator light flashes red and blue, activate your mobile phone's Bluetooth function and search for the Bluetooth device. Select "Super Pump" to pair. When paired successfully, you will hear "Successful connected".

Safety instructions:

- Keep out of reach of children.
- Do not attempt to repair. Consult a professional if the earbuds aren't working properly.
- Do not insert anything other than USB cables into the ports.

- Do not charge and use the device at the same time.
- Keep away from fire, water and extreme temperatures.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party.

Responsible for compliance could void the user's authority to operate this equipment. (Example- use only shielded interface cables when connecting to computer or peripheral devices).

This equipment complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
