The photograph shows two printed labels side-by-side. The left label is for the LCS7V model (GigaSpire BLAST Model: u6t GS5229E) and the right label is for the LCS7X model (GigaSpire BLAST Model: u6tXG GS5229XG). Both labels contain the same information as the digital versions shown above, including the Calix logo, address, power rating, model and serial numbers, MAC and MTA MAC addresses, SSID, WPA key, IP address, and user/password. They also feature FCC and RoHS compliance markings, a laser safety warning, and QR codes. The labels are printed on a light-colored background with a blue border.
