1 FCC label

1.1 Artwork

FCC ID: 2ABPH-TX300V2

1.2 Position and fixing

The label will be located on the rear panel of the transmitter unit in left top corner as shown in the picture below.

There are two options how the label will be affixed to the unit. For standard production the label will be a part of non removable rear panel silk screen. For labelling the existing units a permanent sticker will be used.

2 Other labels

There is a warning statement with VEEE symbol on the rear panel located between the main fan outlet and power supply slot.

CAUTION

To prevent electrical shock do not
remove cover

No user serviceable parts inside

Please refer servicing to qualified personnel
