---------------------------	--------------------------	---------------------------

1.1 Artwork

MODEL: TX50V2
FCC ID: 2ABPH-TX50V2
IC: 11730A-TX50V2

1.2 Position and fixing

The label will be located on the rear panel of the transmitter unit between fan outlets as shown in the picture below.

There are two options how the labels will be affixed to the unit. For standard production the label will be a part of non removable rear panel silk screen. For labelling the existing units a permanent sticker will be used.

2 Other labels

There is a warning statement with VEEE symbol on the rear panel located between the fan outlets. CE symbol is located between the fan and the AC input socket.

CAUTION
To prevent electrical shock do not
remove cover
No user serviceable parts inside
Please refer servicing to qualified personnel
