   & Status indicator

## Charging

Your new earphone has enough power to pair and make a few calls. It takes
2 hours to fully charge the earphone; while charging,the battery indicator light
is orange, while Fully charged,Orange LED is off.

Note: The lifetime of the battery will be significantly reduced if your earphone is left
uncharged for a long period. We recommend that you recharge your earphone at
least once a month.

## Pairing

**Pair one phone**

Note: When the earphone and phone have been paired once,they will automatically
connect when the earphone is on and Bluetooth is activated on the phone.

1.On your phone, open the Settings menu.

2.Select Bluetooth. If Bluetooth is off, turn it on. The iPhone will search for new
devices automatically.

3.Left earphone to pair smartphone :

a.1.When device is ON, press MFB button and hold for 4 seconds.(Remark:After
5 minutes pairing timeout, it will power off ). b.Select "BE Free8". If your
phone asks, enter 0000 (four zeros) for the Pass code or accept the connection.
The LED indicator stops flashing white and orange once successfully paired,
you hear "Primary device connected". Some phone list an option to "Play
through earphone", select to use the earphones.

**Left and Right earphone to pair each other**

Make sure ,both L earphone and phone are connected , then bring the
ear.The R earphone is on with the ear, and both are automatically
