

Declaration on model difference

Date: 2021.01.05

FCC ID: 2ABTAHNL85A1Z

Dear Sir,

We, Health & Life Co., Ltd., hereby declare that our products have the following differences between all numbers.

Every model according to different adapter jack or the device designed (AC/DC or Micro-USB or Type-C jack).

For AD/DC jack type, connect to main board directly.

For Micro USB or Type-C jack, connect to main board via adapter board and use the same adapter board.

According to RF technical judgement, Model HL858A1-Z with full function, HL858A1-Z could be as representative model and perform full test.

For others model(s) are different marketing purposes.

Model	HL858A1-Z	HL858CB(HL858B1-BL,BU 580 Connect, BU 584 Connect)
Components, Function	Talking IC, Speaker, Backlit, BLE module	BLE module, Backlit

Sincerely,

A handwritten signature in black ink that reads "Albert Lee". The signature is written in a cursive, flowing style.
