3. Pairing Your Headset with a Bluetooth Device

1) Ensure the headset is off.

2) To activate the pairing mode, press and hold the headset's MFB for 8 seconds without releasing your finger until its status indicator flashes blue and red alternately.

3) Activate your mobile phone's Bluetooth, search Bluetooth devices, select "MusicBand 3300" and enter the pass code "0000". When the pairing is completed, the headset's status indicator will show blue light for 2 seconds with "Your phone is connected" voice prompt if the voice prompt language has been configured with English.

4. Basic Operation

Function	Button	Alert Tone / Voice Prompt	Status Indicator
Power on	Press & hold the MFB for 2.5 seconds	* "Power on"	Flashing blue light for 3 times
When you turn on your headset for the first time, the headset proceeds into pairing mode, i.e. the status indicator flashes blue and red alternately, you can immediately pair it with your mobile phone.			
Power off	Press & hold the MFB for 2.5 seconds	* "Power off"	Red light for 2 seconds
Answer / MFB once	Press the MFB once	Short beep	--
Last number redial	Double press the MFB	Short beep	--
Volume up	Short press Volume up button	--	--

Function	Button	Alert Tone / Voice Prompt	Status Indicator
Volume down	Short press Volume down button	--	--
Music track forward	Long press Volume up button	--	--
Music track backward	Long press Volume down button	--	--

Multi-point allows simultaneous pairing of the headset with 2 mobile phones, to pair 2 mobile phones:

1. pair your headset with the 1st mobile phone as normal and then switch off.

2. repeat the pairing procedures for the 2nd mobile phone

3. re-connect the 1st mobile phone with the headset via the phone menu

1. Tech Bluetooth headset is designed to work with Bluetooth devices. Due to large variability between different Bluetooth devices from different manufacturers, interoperability between the headset and all Bluetooth-enabled products is not guaranteed.

• Check and observe local laws regarding the use of a mobile phone and a headset while driving. If you use the headset while driving, ensure your full attention and focus. It is your responsibility to drive safely. Consider to pull off the road before making or answering a call.

• Never leave your headset above any air bag deployment area inside your car as serious injury may result when an air bag deploys.

• Never allow children to play with the headset - Small parts may be of choking hazard.

• Observe all signs and displays that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive atmospheres.

• Turn off your headset prior to boarding an aircraft. Do not use your headset inside an aircraft.

• To prevent damage to your hearing, please do not set the listening volume too high.

• Do not attempt to modify the headset.

• Do not keep the headset near a wash basin or other wet places.

• Do not use the headset outdoors in the rain.

• Do not use the headset in stormy weather.

• Do not clean the headset while it is being charged.

• Always disconnect the charger from the headset before cleaning.

• Do not attempt to force open the built-in battery.

• Only charge the headset's built-in battery in accordance with the instructions described in this user guide.

Care and Maintenance

headset

Turn off your headset before placing it in your pocket or bag. If the MFB is accidentally depressed, your mobile phone may place an unintended call.

Do not keep to submerge your headset in liquid or try to wash in any circumstance more than 5 minutes.

Do not use abrasive cleaners to clean the headset.

Do not expose the headset to extremely high or low temperatures.

Do not leave the headset in direct sunlight for an extended period of time.

Do not leave the headset near open flames such as cooking burners.

Do not dispose of the headset in a fire, as it will result in explosion.

Do not bring the headset into contact with any sharp objects, as this will cause scratches and damages.

Built-in Battery

Do not attempt to replace the headset's battery as it is in-built and is not changeable.

Dispose of the battery according to local regulations. Do not dispose of the battery as household waste.

Do not stick anything inside the headset, as this may damage internal components.

Do not attempt to disassemble the headset as it does not contain serviceable components.

If you do not plan to use the headset for a long period, please store it in a dry place that is free from extreme temperatures and dust.

Avoid charging the headset in extremely high or low temperatures.

Dispose of the battery and the headset according to local regulations. Do not dispose of them as household waste.

EN Charger <ul style="list-style-type: none">Use only the USB cable supplied by the headset's original manufacturer to charge the headset. Other USB cables may look similar but using them could be dangerous and could damage the headset.Do not attempt to disassemble the charger as it may expose you to dangerous voltages or other risks. Incorrect reassembly can cause electric shock when the headset is subsequently used.Do not use the charger outdoors or in damp areas. <p> Excessive sound pressure from earphones and headphones can cause hearing loss.</p>	Notes on Environmental Protection <p>After the implementation of the European Directive 2012/19/EU in the national legal system, the following applies: Electrical and electronic devices must not be disposed of with domestic waste. Consumers are obliged by law to return electrical and electronic devices at one of their service points or at the public collection points that are set up for this purpose or designated points of sale. However, such details are defined by the national law of the respective country. This symbol on the product, the instruction manual or the packaging indicates that the product is subject to these regulations. By recycling, reusing the materials, or other forms of utilizing old devices, you are making an important contribution in protecting our environment.</p>	Troubleshooting <p>Q: I can't hear anything in my headset. A: • Ensure the headset is turned on and is properly charged. • Ensure the headset is properly paired with the mobile phone. • Make sure that the mobile phone is connected with the headset - if it does not connect, either refer to the mobile phone's Bluetooth menu or by pressing the MFB once (see "Basic Operation" and "Pairing Your Headset with a Bluetooth Mobile Device"). Q: I can't connect my headset with my mobile phone. A: • Ensure your headset is turned off and is properly charged. • Ensure the headset is properly paired with your mobile phone. • Ensure the headset is within ten meters range of your mobile phone and there are no obstructions, such as walls or other electronic devices in between.</p> <p>If the above steps do not solve your problem, please recharge the headset and remove your mobile phone's battery for a while.</p> <p>i.Tech Dynamic Global Distribution Limited All rights in this publication are reserved and no part may be reproduced without the prior written permission of the publisher. USA and licensed to i.Tech Dynamic Global Distribution Limited. i.Tech declares under our sole responsibility that the headset is in conformity with the provisions of the following Council Directives: 2014/53/EU</p>	FCC RF Radiation Exposure Statement <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</p> <p>Federal Communications Commission (FCC) Statement This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>15.21 You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>	Exposure Statement <p>15.105(b) This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none">Recent or relocate the receiving antenna.Increase the separation between the equipment and headset.Connect the equipment into an outlet on a circuit different from that to which the headset is connected.Consult the dealer or an experienced radio/TV technician for help.	繁中 1. 關於您的 MusicBand 3300 a. 多功能按鈕 (MFB) <ul style="list-style-type: none">開機 / 關機與行動電話配對接聽 / 結束來電 b. 音量增加按鈕 c. 音量減少按鈕 d. 狀態指示燈 e.
