

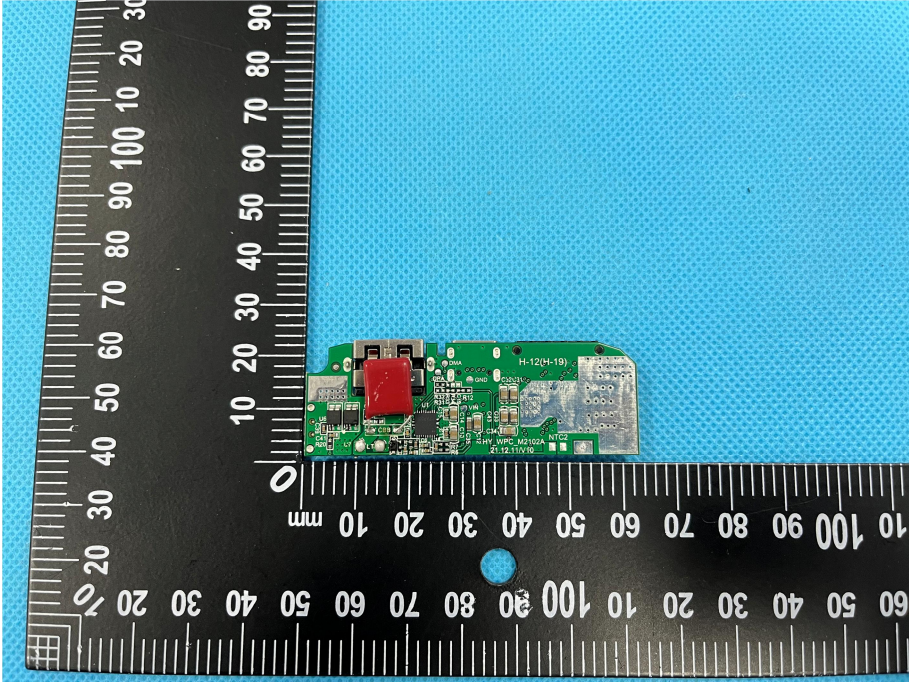

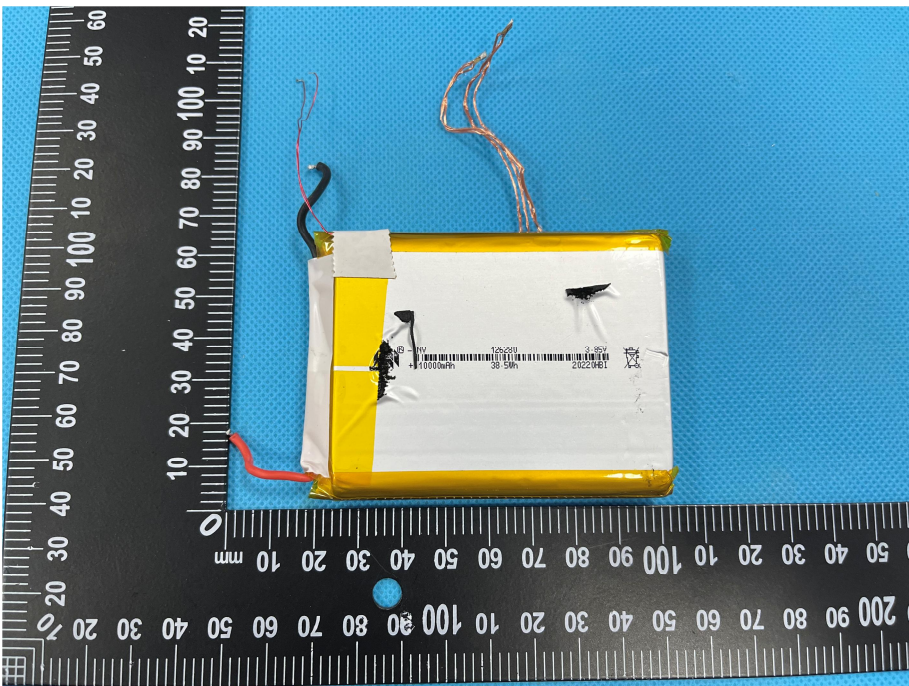

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of a small green printed circuit board (PCB) component. The board is rectangular and populated with various electronic components, including a prominent red capacitor, several integrated circuits, and surface-mount components. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the component spanning approximately 40 mm in length and 20 mm in width. The board has some text printed on it, including 'H-12(H-19)', 'H1 WPC_M2102A', and '2112.17V19'.</p>
<p style="text-align: center;">Solder Board-Component View 3</p>	 <p>A photograph of a yellow and white lithium-ion battery pack. The battery is rectangular and has several wires (red, black, and orange) soldered to its terminals. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows dimensions in millimeters, with the battery spanning approximately 100 mm in length and 40 mm in width. The battery has a white label with a barcode and some text, including '120-201', '1842222', and '30-50A'.</p>
