Safety Information

This user manual contains all necessary product safety Please read carefully before using the device and retain for

The device is designed for water resistance under certain conditions, but OnePlus does not recommend excessive submersion. Liquid damage will void the warranty. When connecting with other devices, please follow the safety guidelines presented in this manual. Do not attempt to connect your device with incompatible

Please do not attempt to repair, disassemble or modify the battery. Do not place or use battery near fires, heaters, direct sunlight, or other heat sources. Prolonged exposure to heat may cause battery leakage, explosions, or fires. Please do not place pressure on or pierce the battery with hard objects. Damaging the battery could cause battery leakage, overheating, or fires. Battery liquid may cause damage to skin or clothes. If exposed, immediately wash skin with water and seek medical attention. If you experience any battery abnormalities, such as high temperature, discoloration, distortion, or leakage, immediately discontinue usage of the device and contact customer support.

immediately discontinue usage of the device and contact customer support.

If the battery's internal liquid comes in contact with your eyes, rinse thoroughly and immediately seek medical attention.

Do not connect your device to a high-voltage power supply or the battery could become damaged.

All batteries have a limited lifespan and will begin to lose capacity after several hundred charges/discharges. Do not dispose of the battery as household waste. Refer to local regulations.

WARNING: Please do not charge the battery for over 12 hours.

To save power and achieve longer battery life

To save power and achieve longer battery life

Features like Bluetooth and WiFi consume more energy, so disable these features when not in use.

The brighter the screen, the more energy will be consumed; you can dim the screen brightness and shorten the sleep time within the display settings menu.

Please only use the official OnePlus charger. Using unauthorized chargers can be dangerous and can void your warranty.

Make sure to only use outlets with the correct voltages (as label led on the charging brick). Using an incorrect voltage can damage your phone and/or battery and lead to injury.

Do not use unsafe plugs or outlets.

Do not use a short-circuit charger.

Do not disassemble or modify charger, as this may lead to personal injury, electric shock or fire.

Do not use the charger in humid environments.

Do not touch the charger, cable or power socket with wet hands, as this may cause electric shock.

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:
 (1) This device may not cause interference; and. (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie
Canada annlicables aux annareils radio exempts de licence.

Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes

To the maximum extent permitted by applicable law, under no circumstances shall onePlus or any of its licensors be responsible for any loss of data or incur any special, incidental, consequential, or indirect damages caused.

Availability of product supplies, application software, and indirect damages caused.

Availability of product supplies, application software, and accessories may vary. For detailed information, please refer to an authorized OnePlus distributor. This device may contain commodities, technology, or software subject to export laws and regulations. Diversion contrary to law is prohibited.

I GB = 1 billion bytes. It is normal that the actual available storage is less than the indicated storage because the operation system requires some nessesary storage.

OnePlus is constantly striving to protect your personal OnePlus is constantly striving to protect your personal information. You can read our "Privacy Policy" in the Setup Wizard when you turn on your phone for the first time. You can also check our "Privacy Policy" by following the steps: Settings - About Phone - Legal Information - Privacy Policy.

Failure to follow these guidelines may cause harm to your device, property, yourself, or others.

Do not switch on the device where prohibited or when it may cause interference or danger.

When operating a vehicle, obey and follow all related local laws. Do not use device at gas stations, service stations, or near Do not use device at gas stations, service stations, or neaf-fuel or chemicals.

Mobile phones might cause interference. Check all laws and regulations when flying.

Hospitals or healthcare organizations may use equipment that is sensitive to radio frequencies. Please obey all rules and regulations.

All wireless devices might be susceptible to interference,

which could affect performance. Only qualified and authorized personnel should make orpairs to this product.
Only use branded accessories and batteries that are approved by OnePlus. Accessories which are not approved by OnePlus may damage the phone or cause

- Do not place heavy objects on the power cord or attempt to modify any cables.

 Make sure to grasp the charger firmly while unplugging it. Do not pull the power cord as this may lead to damage and cause electric shock or fire.

 Before cleaning the device, unplug the power plug from the socket.

 The charger is intended for indoor use only.

 The maximum ambient charging temperature of the equipment declared by manufacturer is 35°C.

 Do not charge the battery under the following conditions: in direct sunlight, in temperatures below 5°C; in areas with humidity, dust or strong vibrations; in areas near a TV, radio or other electrical appliances.

 Adapter shall be installed near the equipment and shall be easily accessible.
- Priving Safely

 Safety should take priority when you are operating a vehicle. Be sure to obey related regulations in the area orcountry in which you drive.

 Please do not store or carry your mobile phone or accessories near liquid or flammable gas. Make sure you do not place your phone or accessories near safety air bags. Do not rely solely on the GPS in your phone; these applications are only for reference purposes only. Location information changes regularly, and in some places these features are not supported. Map routes and/or compass may be incorrect, incomplete or unsupported. Electromagnetic waves (in the surrounding environment or even earphone magnets) can disrupt the accuracy of the compass, so please only use it for reference. If you do not wish to disclose your location, be sure not to use applications that can record your location.

 Please obey the rules, law and your local regulations.
- Please switch off your device whenever phone use is prohibited or when it may cause interference or danger. Mobile phones may interfere with the normal operation of electronic equipment and medical devices. Please follow related laws and regulations.

 Your mobile phone's radio waves may interfere with high accuracy electronic equipment.

 Only operate your phone between 0-35°C temperature and 35-85% humidity.

 In extremely rare occasions, the device may affect a vehicle's electronic equipment. FCC & IC Statement This device complies with part 15 of the FCC rules.
 Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference; and.
 (2) This device must accept any interference received, including interference that may cause undesired operation.

Driving Safely

3

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The antenna(s) used for this transmitter must not be colocated or operate in conjunction with any other antenna of transmitter. or transmitter. The country code selection is for non-US model only and is not available for all US models. Per FCC regulation, all WiFi products marketed in US must be fixed to US operation channels only RF Exposure Information (SAR)

This device meets the government's requirements for exposure to radio waves.
This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S.

Government.

The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC/ISED is 1.6W/kg. *Tests for SAR are conducted using standard operating positions accepted by the FCC/ISED with the device transmitting at its highest certified power level in all tested frequency bands. Although the SAR is determined at the highest certified power level, the actual SAR level of the device while operating can be well below the maximum value. This is because the device is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output.

While there may be differences between the SAR levels of various devices and at various positions, they all meet the government requirement.

This device has also been tested and meets the FCC/ISED RF exposure guidelines for use with an accessory that contains

exposure guidelines for use with an accessory that contains no metal and positions the handset a minimum of 1.5cm

- L'exploitation est autorisée aux deux conditions suivantes

 (1) l'appareil ne doit pas produire de brouillage, et. (2) l'
 utilisateur de l'appareil doit accepter tout brouillage
 radioélectrique subi, même si le brouillage est susceptible
 d'en compromettre le fonctionnement.

 The device could automatically discontinue transmission in
 case of absence of information to transmit, or operational
 failure. Note that this is not intended to prohibit transmission
 of control or signaling information or the use of repetitive
 codes where required by the technology. The device for
 operation in the band 5150-5250 MHz is only for indoor use
 to reduce the potential for harmful interference to cochannel mobile satellite systems;
 In addition, high-power radars are allocated as primary users
 (i.e. priority users) of the bands 5250-5350 MHZ and 56505850 MHz and that these radars could cause interference
 and/or damage to LE-LAN devices.

 3. This Class B digital apparatus complies with Canadian 3. This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la Canadian CES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. norme NMB-003 du Canada.

 NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

 NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful to part interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

 However, there is no guarantee that interference will not
 - harmful interference to radio communications.
 However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
 Reorient or relocate the receiving antenna.
 Increase the separation between the equipment and receiver.
 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 Consult the dealer or an experienced radio/TV technician for help. Compatibility requirements.
 The FCC has adopted HAC rules for digital wireless phones. These rules require certain phone to be tested and rated under the American National Standard Institute (ANSI) C63. 19-2011 hearing aid compatibility standards. The ANSI standard for hearing aid compatibility contains two types of ratings.
 M-Ratings: Rating for less radio frequency interference to enable acoustic coupling with hearing aids in telecoil mode.
 Not all phones have been rated, a phone is considered hearing aid compatible under FCC rules if it is rated M3

in telecoil mode. Not all phones have been rated, a phone is considered hearing aid compatible under FCC rules if it is rated M3 or M4 for acoustic coupling and T3 or T4 for inductive coupling. These ratings are given on a scale from one to four, where four is the most compatible. Your phone meets the M3/T3 level rating. However, hearing aid compatibility ratings don't guarantee that interference to your hearing aids won't happen. Results will vary, depending on the level of immunity of your hearing device and the degree of your hearing loss. If your hearing device and be be unlerable to interference, you may not be able to use a rated phone successfully. Trying out the phone with your hearing device is the best way to evaluate it for your personal needs. This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer wireless technologies used in this phone that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Consult your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, consult your service provider or phone retailer. Hearing devices may also be rated. Your hearing device manufacturer or hearing health professional may help you find this rating. For more information about FCC Hearing Aid Compatibility, please go to http://www.fcc.gov/cgb/dro.

Ensure that an authorized agency repairs devices when needed. Do not dismantle the device on your own. Always discard used electronic products, batteries and accessories at the end of their life cycle; use an authorized collection point or collection center.

autinized collection point or collection center.

Do not dispose of e-waste into garbage bins. Do not dispose of batteries into household waste. Improper disposal of waste may prevent natural resources from being reused. Some waste contains hazardous chemicals if not disposed properly and may release toxins into the soil and water, and may also release greenhouse gases into the environment.

Additional Important Health and Safey Information

Please do not use the phone if antenna is damaged

Please do not use the phone if antenna is damaged. Otherwise, it could cause injury.

Do not place the phone near magnetic cards or other magnetic objects; information stored on floppy discs, memory cards and credit cards could be damaged by magnetic radiation.

Please keep metallic objects away from phone receiver. Small metallic objects may be attracted to the device and personal injury or device damage could occur. Keep phone away from water and other liquids.

Damage to the display could lead to leakage of the liquid inside the panel. If this liquid comes in contact with your eyes, flush your eyes with water immediately (do not rub) and immediately seek medical attention. Your phone can only use OnePlus authorized batteries and chargers. Using third-party products may cause battery leakage, overheating or fires. OnePlus will not take any reponsibility for accidents or problems caused by using accessories that are not approved by OnePlus. Only connect to power sources with USB 2.0 or above. The device is restricted to indoor use only when operating in the 5150 to 5350 MHz frequency range.

CE Certification Information (SAR)

The SAR limit of Europe is 2.0W/kg. This device was tested for typical operation with the back of the handset kept 5mm from the body. To maintain compliance with RF exposure requirements, use accessories that maintain a 5mm separation distance between the your body and the back of the handset. The use of belt clips, holsters and similar accessories should not contain metallic component in its assembly. The use of accessories that do not satisfy these requirements may not comply with RF exposure requirements, and should be avoided. Care and Maintenance Your phone is a product of superior design and craftsmanship and should be treated with care. The following suggestions will help you prolong the life of your device.
If the screen comes in contact with liquid or dust, please clean immediately.
Please do not touch the connection port of the phone, as static electricity may harm components in the device.
Do not hit, shake or drop the phone to avoid damage and injury.

Statute electricity (i.e., i.e.)

Do not hit, shake or drop the phone to avoid damage and injury.

Do not put pressure on the device, as it may damage the screen, battery, or the device itself.

Do not place the battery, phone or charger in a microwave oven or other high voltage equipment. Otherwise, it may cause circuit damage, fires, or other damage.

Do not use the phone around flammable gas.

Please keep the phone out of reach of children in order to prevent injuries or property damage.

Do not place the phone on uneven or unstable surfaces.

Phone, battery and charger are not waterproof. Please do not use these devices in the bathroom, areas of high temperature, humidity or dust; avoid rain.

Use soft, clean, dry cloth to clean the phone, battery and charger. charger.
Do not use alcohol or harsh chemicals to clean the device. Do not use alcohol or harsh chemicals to clean the device. Please use a soft cloth with water to remove dirt and smudges; do not use your fingernalis other sharp objects to avoid scratching the screen. When the phone is transmitting data or saving information, do not remove the SIM card.

Sockets that are dirty may cause poor contact with the charger and your phone may fail to charge properly. Modified accessories may damage the device or violate local regulations for radio devices. If applicable, the user should turn off 5GHz WiFi in outdoor environments.

WARNING:
Before using the phone, please read the health and safety information carefully.

Some people may get dizzy or experience medical problems in response to flashing lights. If you are at risk, please consult your doctor before using this device. If you have the following

III. Defects or damage resulting from excessive force or use of metallic objects on the touch screen.

IV. Devices that have the serial number or the IMEI number removed, defaced, damaged, altered or made illegible.

V. Ordinary wear and tear.

V. Defects or damage resulting from the use of the product in conjunction or connection with accessories, products, or ancillary/peripheral equipment not furnished or approved by OnePlus.

VII. Any physical feature defects or damage resulting from improper testing, operation, maintenance, installation, service, or adjustment not furnished or approved by OnePlus.

VIII. Defects or damage resulting from external causes such as collision with an object, fire, flooding, dirt, windstorm, lightning, earthquake, exposure to weather conditions, theft, blown fuse, or improper use of any electrical source.

IX. Defects or damage resulting from cellular signal reception or transmission, or viruses and other software problems introduced into the product.

X. Free warranty replacements and repairs are only valid in country of purchase. Other services are available in other regions. Please contact OnePlus Customer Support for more details.

Return Policy (Limited to North America & Europe)

Return Policy (Limited to North America & Europe) OnePlus phones and accessories are made to the highest standards and undergo rigorous testing. If you are not satisfied with your OnePlus product for any reason, you may request a return within 15 calendar days of delivery. Once we approve your request and receive the product, we will give you a full refund. Any shipping and handling fees incurred in the return process are not covered by the refund. Return requests made outside of the 15-day period will not be accepted. We may also choose not to accept returns within these circumstances:

1. Defects or damages caused by misuse, neglect, physical damage, tampering, incorrect adjustment, normal wear and tear or incorrect installation after purchase.

2. Price fluctuations being the sole reason for return. OnePlus phones and accessories are made to the highest

tear or incorrect installation after purchase.

2. Price fluctuations being the sole reason for return.

3. Customized customer contracts.

In accordance with the U.K. Consumer Rights Act 2015, any goods that are not (1) of satisfactory quality; (2) fit for their given purpose; or (3) as described, may be returned free of charge within 30 days of delivery. Please submit a ticket describing the problem with your device. In order to be eligible for a refund, you must contact us within 30 days and describe in detail how the goods were defective, damaged, or materially different. We may choose not to accept returns for any of the above mentioned circumstances. In all cases, we will inspect the product and verify the fault. To qualify for a replacement or refund, device must be in "as new" condition and include all original contents of the package. We reserve the right to refuse a refund or exchange if the product returned is deemed to have been damaged. Please contact OnePlus Customer Support to request a

return at oneplus.com/support Recycling Initiative We understand that our responsibility doesn't end at selling our products.

OnePlus has been working in the area of safe disposal of electronic waste. Since mobiles, tablets and other electron items are made of hazardous constituents. Under our global policy as well the legislation passed by the Ministry of Environment and Forests(MoEF), called E-waste (Management & Handling) Rules, 2011, which came into effect from 1st May 2012.

OnePlus will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products. OnePlus will comply with all the applicable laws related to e-waste management. laws reacted to e-waste management.

As a part of e-waste recycling initiative, OnePlus has partnered with an authorized E-waste company named AS Attero for collection, dismantling and disposing E-waste collected from all over India. Attero vision is to look at e-waste not just as waste, but as an important resource that can be made useful instead of shunning it as a social and environmental burden with their fully automated facility for e-waste recycling.
