HAC T-Coil Declaration Letter

We have declared below featured for device,

FCC ID: 2ABZ2-EF170

On our products, speech service will fall back in VoLTE over LTE for 5G sub 6 connection, and the audio processing of sub 6 connection is the same as the VoLTE over LTE, including the frequency and signal to noise ratio of speech signal. We are not processing The 5G sub 6 connection won't be processed separately, and the types of network in ADSP are as follows,

And the codec of 5G sub 6 connection is EVS, this is the same with VoLTE, so it's available using the result of HAC T-coil rate of VoLTE for 5G sub 6 connection.

Sincerely,

By:  YouJiang Ke
