We, Sensefly S.A, declare and confirm that the label is placed in the battery compartment because:

- There is no free space anywhere else than the battery compartment.
- The battery is designed for easy removal and the label will be visible whenever the batteries are removed for charging or replacement. So that customer will be readily able to view the FCC label.
- At the time of purchase, the label will be readily visible at the time of purchase because the battery is not inside the drone.
