

Labeling

As the device is small, only the FCC ID shall be displayed on the product itself, located on a label as shown above. This size label will be sufficient to show up to 16 characters in a 6 pt font size as shown:

FCC ID: 2AC2YPAC1

The remaining compliance statement shall be included in the user manual, to state:

“This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference and
- (2) this device must accept any interference received, including interference that may cause undesired operation.”
