Inside View of The Product

Inner Circuit Top View

This image shows the internal components of a portable electronic device. A blue printed circuit board (PCB) is visible, populated with various electronic components including resistors, capacitors, and integrated circuits. A large, circular, silver-colored component, likely a speaker or a microphone, is mounted in the center. Red and black wires are connected to the PCB. A battery is visible at the bottom, with the text "YD 4038" printed on its surface. The device is housed in a black plastic casing.
