Gentlemen:

Eaton's Cooper Lighting (Cooper Controls) respectfully requests confidentiality of certain materials provided with the submission of the wall switch Models WOSW/WVSW under FCC ID: **2AC542CL60WXSW** in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the files contained in this filing and included in the following files.

- 14-0074 – Schematics.pdf
- 14-0074 – System Block Diagram.pdf
- 14-0074 – Theory of Operation.pdf

The WOSW/WVSW has been developed at considerable effort and expense by Eaton's Cooper Controls. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Claude Nelson", is written over a horizontal line.
