2. VT X300 BT OVERVIEW

2.1 HEADSET

2.2 INCLUDED ACCESSORIES

Carry pouch

USB C cable

Charging Base
(Optional)

3. HOW TO WEAR

3.1 LEFT OR RIGHT WEARING STYLE

The VT X300 BT DUO can be worn on the right or left which you want.

3.2 ADJUST THE HEADBAND

Adjust the headband to find the most comfortable fit.

3.3 POSITION THE MICROPHONE

It is recommended to position the microphone close to your mouth.

3.4 STORING THE MICROPHONE

Discreet boom arm can fold neatly away into the headband when not on a call .

4. HOW TO CHARGE THE BATTERY

Option 1: The headset battery will be charged when connected to a PC using a USB cable, or when using any USB charger supplied with your mobile device.

Option 2: If you have a charging base, you could plug the charging base into a powered USB port and then dock the headset.

It takes approx.3 hours to fully charge the battery.

5. HOW TO CONNECT

5.1 CONNECT TO PC (USING BT 50U)

1. Ensure the headset is switched on.
2. Plug the BT 50U dongle into a USB port on your PC. The headset and BT 50U are already pre-connected.

5.2 CONNECT TO MOBILE DEVICE (USING BLUETOOTH)

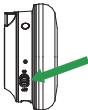

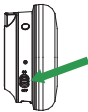

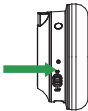

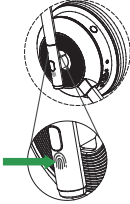

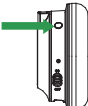

1. Wear the headset.
2. Hold (2 secs) the On/off/connect switch in the connect position until you hear the voice guided instructions. The Bluetooth indicator will flash blue.
3. Follow the voice guided instructions to connect.

7. SUPPORT

7.1 FAQ

View the FAQs on www.Vbet.cn/VT_X300_BT.

7.2 HOW TO CARE FOR YOUR HEADSET

- Always store the headset with the power off and safely protected.
- Avoid storage at extreme temperatures (above 55°C or below -10°). This can shorten battery life and may adversely affect the headset.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
