

Statement of label position for AUTOID 9/9HC

A.

Because the surface of our product does not have very regular plane to paste the label, so we stick the label into the battery compartment.

B.

Our product has the capacity to remove the battery easily, which is convenient for users to remove the batteries to check the label.

C.

More, we pack the battery and device separately before delivery, so it doesn't affect the visibility of the label.
