| Section 15.212 Modular Transmitters | | | | | | | | |
| Request | for Modular | Approval 🛭 Re | quest for Limited Modular Approval | | | | | |
| • | | Requirements | EUT Conditions | Comply (Y/N) | | | | |
| Single Modular Approval Requirements | | | | | | | | |
| 1 | The radio ele | ements of the modular | The radio portion of this module is | Y | | | | |
| | transmitter must have their own | | shielded, please see exhibition external | | | | | |
| | shielding. Th | e physical crystal and | photos. | | | | | |
| | tuning capacitors may be located | | | | | | | |
| | external to th | e shielded radio elements. | | | | | | |
| 2 | The modular transmitter must have | | The module has buffer modulation/data | Y | | | | |
| | buffered modulation/data inputs (if such | | inputs. | | | | | |
| | | ovided) to ensure that the | | | | | | |
| | | comply with Part 15 | | | | | | |
| | | under conditions of | | | | | | |
| | | ta rates or over-modulation | | | | | | |
| 3 | | transmitter must have its | The module has its own power supply | Y | | | | |
| 4 | | upply regulation. | regulation. Please see the schem.pdf | ** | | | | |
| 4 | | transmitter must comply | The requirements of antenna connector | Y | | | | |
| | | nna and transmission | and spurious emission have been | | | | | |
| | | rements of Sections 15.203 | fulfilled. Please refer to the Test Report exhibition. | | | | | |
| | * * | d 15.204(c). The antenna be permanently attached or | exhibition. | | | | | |
| | | nique" antenna coupler (at | | | | | | |
| | | ns between the module and | | | | | | |
| | | including the cable). The | | | | | | |
| | | l installation" provision of | | | | | | |
| | | O3 is not applicable to | | | | | | |
| | | can apply to limited | | | | | | |
| | | rovals under paragraph (b) | | | | | | |
| | of this section | | | | | | | |
| 5 | The modular | transmitter must be tested | Please refer to the Setup Photo | Y | | | | |
| | | one configuration, <i>i.e.</i> , the | exhibition for the stand-alone test | | | | | |
| | | not be inside another | configuration. | | | | | |
| | • | g testing for compliance | | | | | | |
| | | requirements. Unless the | | | | | | |
| | | nodule will be battery | | | | | | |
| | | nust comply with the AC | | | | | | |
| | | ed requirements found in | | | | | | |
| | | 07. AC or DC power lines | | | | | | |
| | | at/output lines connected to | | | | | | |
| | | nust not contain ferrites, | | | | | | |
| | | will be marketed with the Section 15.27(a)). The | | | | | | |
| | * | se lines shall be the length | | | | | | |
| | _ | cual use or, if that length is | | | | | | |
| | • • | least 10 centimeters to | | | | | | |
| | | ere is no coupling between | | | | | | |
| | | ne module and supporting | | | | | | |

| | equipment. Any accessories, peripherals, or support equipment connected to the module during testing shall be unmodified and commercially available | | |
|---|--|--|----|
| | (see Section 15.31(i)). | The Median will be 1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1-1- | *7 |
| 6 | The modular transmitter must be equipped with either a permanently affixed label or must be capable of electronically displaying its FCC identification number. (A) If using a permanently affixed label, the modular transmitter must be labeled with its own FCC identification number, and, if the FCC identification number is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module. This exterior label can use wording such as the following: "Contains Transmitter Module FCC ID: XYZMODEL1" or "Contains FCC ID: XYZMODEL1." Any similar wording that expresses the same meaning may be used. The Grantee may either provide such a label, an example of which must be included in the application for equipment authorization, or, must provide adequate instructions along with the module which explain this requirement. In the latter case, a copy of these instructions must be included in the application for equipment authorization. (B) If the modular transmitter uses an electronic display of the FCC identification number, the information must be readily accessible and visible on the modular transmitter or on the device in which it is installed. If the module is installed inside another device, then the outside of the device into which the module is installed must display a label referring to the enclosed module. This exterior label can use wording such as the following: "Contains FCC certified transmitter module(s)." Any similar wording that expresses the same meaning may be used. The user manual must include instructions on how to access the electronic display. A copy of these instructions | The Module will be labeled with its own FCC ID, and the instruction on the labeling rule of the end product has been stated in the User Manual of this module. Please refer to the Label and User Manual exhibition. | Y |
| | must be included in the application for equipment authorization. | | |
| 7 | The modular transmitter must comply | The required FCC rule has been fulfilled | Y |
| | with any specific rules or operating | and all the instructions for maintaining | |
| | requirements that | compliance have been clearly stated in | |
| | ordinarily apply to a complete | the User Manual. | |
| | transmitter and the manufacturer must | | |
| | provide adequate instructions along with | | |
| | the module to explain any such | | |
| | requirements. A copy of these | | |
| | instructions must be included in the | | |
| | application for equipment authorization. | | |

| 8 | The modular transmitter must comply | Please refer exhibition RF Exposure for | Y |
|---|--|---|---|
| | with any applicable RF exposure | the compliance of MPE RF exposure | |
| | requirements in its final configuration. | rule. | |
