Earbuds

Quick Start Guide

PRODUCT SPECIFICATION

Circle iron plate			
Type No	TWS01	Bluetooth version	5.2
Speaker	1BA+1DD	Music time	7 hours
Horn impedance	16Ω	Distance	20 meters
Earphone weight	4.6g	Frequency range	20-20KHz
Sensitivity	100±1DB	Bluetooth protocol	Aptx-Adaptive/AAC/SBC
Charge frequency	Five	Input	5V=1A
Waterproof grade	IPX7		
Battery capacity	earphone 45mAh, charging chamber 800mAh		
Charging time	1.5h for headset, 3h for charging compartment		
Charging support	support Qi standard wireless charging		

Standard Edition			
Type No	TWS01	Bluetooth version	5.2
Speaker	6MM dynamic driver	Music time	11 hours
Horn impedance	16Ω	Distance	20 meters
Headset weight	4.6g	Frequency range	20-20KHz
Sensitivity	100±1DB	Bluetooth protocol	Aptx-Adaptive/AAC/SBC
Charge frequency	Four	Input	5V=1A
Waterproof grade	IPX7		
Battery capacity	earphone 60mAh, charging chamber 800mAh		
Charging time	2h for headset, 3h for charging compartment		
Charging support	support Qi standard wireless charging

Return & Exchange Policy

Thank you for purchasing product. Please read the following clauses carefully before using them.

We offer a 7 days returns guarantee, which means that if for any reason you are not entirely satisfied with your purchase you can return it to us in its original condition (in unused condition) within 7 days of the date you received the goods

The only condition of this policy is that the return meets the following requirements*

- ** Returned products are undamaged and show no signs of wear.
- ** Products are returned in the condition you received them including all packaging, accessories and manuals. (in unused condition)
- ** For hygiene reasons in-ear headphones cannot be returned unless they are faulty.
- **Goods must be returned to the store which supplied them.

Please note that we cannot be held responsible for returned goods that are lost in transit and customers are responsible for returns postage costs. In the event of a return we recommend that you send the goods back to us via a tracked service. This will ensure proof of delivery and insurance of the goods whilst they are in transit.

●Customers are responsible Carriage charges of products sent for return and repair.

Keep the warranty certificate and the purchase invoice during the warranty period. The warranty card is a certificate of warranty, and when requesting replacement or repair, be sure to return the product, this warranty card, and the purchase certificate together.

We cannot accept returns or exchanges in the following cases.

- When the software package or consumables are opened or used
- Warranty period: 3 years from the date of purchase. Expired products are not accepted.
- Proof of Purchase: Products without invoice are out of warranty.
- It should not be a failure due to an external factor such as a natural disaster, pollution, or abnormal voltage.
- Products must not have been altered, disassembled or repaired by a third party other than our company. If products have been altered, disassembled or repaired by a third party other than our company. It is out of warranty.
- Online Shopping: When the appearance of the product is different from what you expected, such as color and shape. (Because the brightness and color of the screen differ depending on the customer's monitor).
- When it does not operate normally due to problems such as product specifications and compatibility with the customer's usage environment.
- If the product is damaged or damaged by the customer after it arrives.

Please be aware that goods sent back to us or collected as faulty which are found to be fully working will be returned to you. Carriage charges will be at Customer expense.

If you suspect a fault, or require any further information on returns, please contact us first.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ -Reorient or relocate the receiving antenna.
- ▶ -Increase the separation between the equipment and receiver.
- ▶ -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ -Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
