Subject: FCC Class II Permissive change for FCC ID: 2ACCJBT14

To whom it may concern:

This is to request a Class II Permissive change for FCC ID: 2ACCJBT14, originally granted on Oct.31, 2018.

The Major change filed under this application is as below:

Change the model name to 9009A and add USB cable source.

As the concern above, we performed Part 15B of Radiated Continuous Emission and Conducted Continuous Emission tests under USB mode and FM mode, which was not required when 9009G applied. The other test results all come from the initial model of 9000G.

Thank you.
Sincerely,
