# Your Mobile

## Keys and connectors

## Getting started

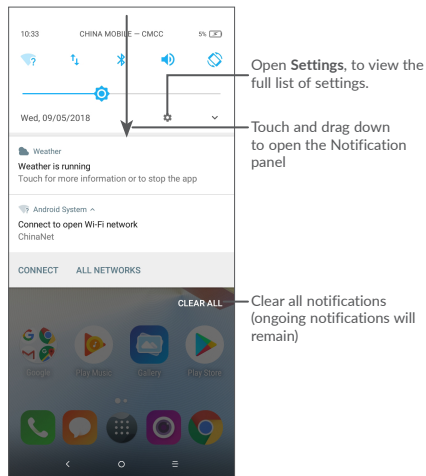

- ① Charge the battery
- ② Insert the pin into the hole and pull out the tray
- ③ Insert or remove your SIM card or microSD card

# Home screen

You can bring all of the items (applications, shortcuts, folders, and widgets) that you use most frequently to your Home screen for quick access.

Touching the **Home** button always takes you back to the main Home screen.

# Phone call

## Making a call

Enter the desired number from the keyboard and touch  to make a call.

## Answering a call

When you receive a call, touch to:

Reject by SMS

Reject by Alarm

Answer the call

Reject the call

4

# Contacts

You can view and create contacts on your phone and synchronize these with your Gmail contacts or other applications on the web or on your phone.

Search in Contacts

Open the Quick contact panel  
Long press to select contact(s) to delete

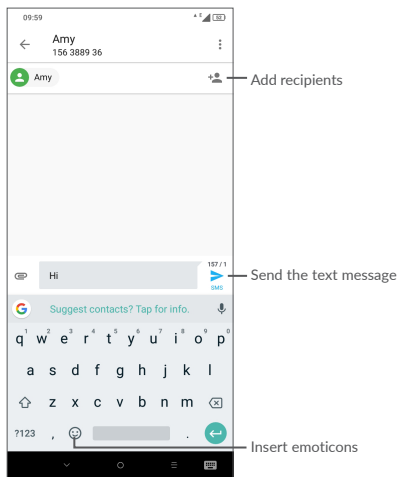

Add new contact

5

# Messaging

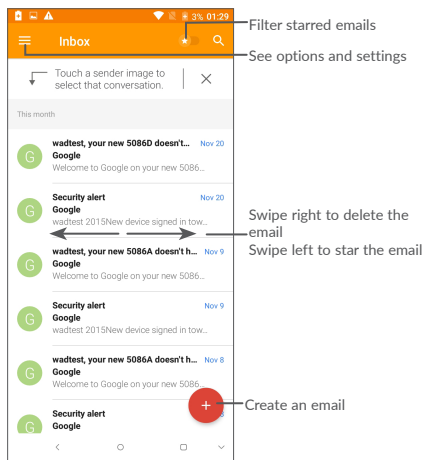

You can create, edit, and receive SMS and MMS.

An SMS will be converted to MMS automatically when media files (image, video, audio, slides, etc.) are attached or subject or email addresses are added.

# Email

The first time you set up your phone, you can select to use an existing Email account or to create a new one.

# Help

To get help:

- **View user manual and FAQ**

Visit <http://www.alcatelmobile.com>

- **Update your phone's software**

Open the **Updates** application to check software updates.

- **Back up your personal data**

Go to **Settings > System > Backup** and turn it on.

- **Reset your phone**

Go to **Settings > System > Reset options > Erase all data (factory reset)**, and then touch **RESET PHONE**.

To get more info, you can access the **Support Center** application.
