### Your Mobile

#### **Keys and connectors**

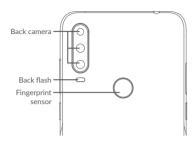

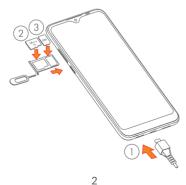

#### **Getting started**

- ① Charge the battery
- ② Insert or remove the microSD card.
- ③ Insert or remove the SIM card.

### Home screen

You can bring all of the items (applications, shortcuts, folders) that you use most frequently to your Home screen for quick access.

Touching the **Home** button always takes you back to the main Home screen.

- 1 : Open Settings, to view the full list of settings.
- 2: Touch and drag down to open the Notification panel.

### Phone call

#### Making a call

Enter the desired number from the keyboard and touch to make a call.

#### Answering a call

When you receive a call, swipe to the right to answer or swipe to the left to reject.

1 : Reject by SMS

2 : Reject by Alarm

3: Answer the call

4 : Reject the call

### **Contacts**

You can view and create contacts on your phone and synchronize these with your Gmail contacts or other applications on the web or on your phone.

1 : Search in Contacts

2 : Open the Quick contact panel

Long press to share or delete the selected contact

3 : Add new contact

## Messaging

You can create, edit, and receive SMS and MMS.

An SMS will be converted to MMS automatically when media files (image, video, audio, slides, etc.) are attached or subject or email addresses are added.

1 : Send the text message

2 : Insert emoticons

### **Gmail**

The first time you set up your phone, you can select to use an existing Gmail account or to create a new one.

1 : Account information

2 : See options and settings

3 : Swipe right or left to archive the email

4 : Create an email
