

3.85V Li-Ion Polymer Battery Features
Nominal Capacity 3500mAh (13.48Wh)
Nominal Voltage 3.85V
Limit Charge Voltage 4.4V
Model Number: GB12541-0214
Manufacturer: HONGKONG ELECTRONICS COMPANY LIMITED
T/C: 2016/1179 - Made in China
Renowned battery manufacturer

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment

Do not disassemble
Do not short circuit
Do not dispose of fire
Do not expose to high temperature
Do not use in humid environment
Do not use in high pressure environment
Do not use in high speed environment
Do not use in high vibration environment
Do not use in high magnetic field environment
Do not use in high electromagnetic interference environment
Do not use in high radio frequency environment
Do not use in high power environment
