

GFLIP3 ATT Commercial Sticker and CU Sticker

DATE 日期	DOCUMENT NO. 文件编号	VERSION 版本	REMARK 备注
2019-5-17		1.0	Creation of the document
2019-5-20		2.0	FCC ID/Bluetooth ID added

Note: for CE logo, there is mandatory requirement as below:

- The CE conformity marking must consist of the initials "CE" taking the following form, if the CE marking is reduced or enlarged, the proportions given in the above graduated drawing must be respected.
- The CE marking must have a height of at least 5 mm except where this is not possible on account of the apparatus.
- The following picture shows an example of CE marking. The "CE" mark is always required. The other elements, notified body number ("NBnr" replaced by the four-digit identification number of any notified body involved) and class identifier (alert sign), may or may not be present depending on the particular circumstances.
- The class identifier is the "information sign" or "alert sign". It forms part of the CE marking and is used to inform the user that restrictions on the use of the apparatus may apply in some countries or geographic areas. It must have the same height as the CE marking. This marking should be accompanied by information for the user on the applicable restrictions on the use of the apparatus and where these restrictions apply.
- CE Logo, notified body number ("NBnr") and class identifier (alert sign) must have same height.
