PRECAUTIONS

3. **Place the bag in a sturdy bag.** Use the BT Speaker. The main reason for this is the speaker is 1500psi. Using excessive force can cause damage.
4. **When stepping on the BT Speaker, make sure it is properly aligned by the center of the bag.**
5. **After you are done using the BT Speaker for long periods of time, please turn the pressure off and be sure to store it in a dry place, free from extreme temperatures and dust.**
6. **After placing the speaker on the charging station, please use the anti-static case to secure the speaker and the charging case to avoid the speaker falling on the charging station.**

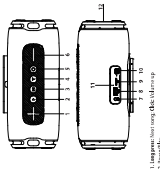

→ Safety around the

Don't place any school farm stores, such as **lighted** canisters.
Dispose of **harmless** responsibly, and be aware of the environmental
effects of **factory disposal**.
Don't expose the **harmless** (batteries installed) to excessive heat,
such as **fire or the sun**.

⚠ Warning
To prevent possible hearing damage, do not listen at high volume levels for long periods.
For your own safety, please be aware of your surroundings when using the speaker.

— The specified maximum DC voltage.
