2. External Photographs

2.1 Image of all models

37158 AirSense 10 CPAP	
37159 AirSense 10 Elite	

37160 AirSense 10 AutoSet	 A black ResMed AirSense 10 AutoSet CPAP machine. The front panel features a color touchscreen displaying a 'Home' screen with icons for 'My Options' and 'Sleep Report'. Below the screen is a large circular dial and a home button. The ResMed logo is on the left, and 'AirSense 10 AUTOSET' is printed on the right. A clear water chamber is attached to the side.
37161 AirSense 10 AutoSet FH	 A light-colored ResMed AirSense 10 AutoSet FH CPAP machine. It features a similar design to the AutoSet model but with a decorative floral pattern on the front panel. The touchscreen, dial, and home button are present. The ResMed logo is on the left, and 'AirSense 10 AUTOSET FOR HER' is printed on the right. A clear water chamber is attached to the side.
37162 AirCurve 10 ASV	 A silver ResMed AirCurve 10 ASV BiPAP machine. The front panel has a color touchscreen displaying a 'Home' screen with 'My Options' and 'Sleep Report' icons. Below the screen is a large circular dial and a home button. The ResMed logo is on the left, and 'AirCurve 10 ASV' is printed on the right. A clear water chamber is attached to the side.
37163 AirCurve 10 Vauto	 A silver ResMed AirCurve 10 Vauto BiPAP machine. It features a color touchscreen displaying a 'Home' screen with 'My Options' and 'Sleep Report' icons. Below the screen is a large circular dial and a home button. The ResMed logo is on the left, and 'AirCurve 10 vauto' is printed on the right. A clear water chamber is attached to the side.

37164 AirCurve 10 S	 A silver ResMed AirCurve 10 S CPAP machine. It features a color touchscreen display on the left side showing a menu with 'Home', 'My Options', and 'Sleep Report'. Below the screen is a circular dial and a home button. The machine has a large, clear, rectangular water chamber on the right side. The ResMed logo is visible on the left side of the front panel.
37165 AirCurve 10 ST	 A silver ResMed AirCurve 10 ST CPAP machine, identical in design to the AirCurve 10 S. It features a color touchscreen display, a circular dial, a home button, and a large clear water chamber on the right side. The ResMed logo is visible on the left side of the front panel.
28541 / 28542 / 28405 AirCurve 10 ST-A	 A silver ResMed AirCurve 10 ST-A CPAP machine. It features a color touchscreen display, a circular dial, a home button, and a large clear water chamber on the right side. The ResMed logo is visible on the left side of the front panel. The machine has a black base and a black side panel on the right.
