Subject : Request for FCC module approval for: FCC ID: 2ACIJ71351

To whom it may concern:

We hereby request a "Modular" certification for the FCC ID referenced above.

The device meets the requirements indicated below as outlined in the FCC KDB 996369 D01 Module Equip Auth Guide v01r04

- The device has buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;
- The device has power supply regulation on the module;
- The device has a permanently attached PCB antenna;
- The device has demonstrated compliance in a stand-alone configuration;
- The device will be labeled with its permanently affixed FCC ID label, or displayed on the outside of the final products.
- The device does comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee;
- The device does comply with RF exposure requirements.
- The radio elements have the radio frequency circuitry shielded.

Sincerely,

By : Koutaro Mizuno
