

# Label information and location

# Label location

The FCC ID is not on the exterior of the device but labelling meets the conditions allowed in KDB 784748 for the label to be placed in a user accessible area.

- Device is a portable device.
- Location of label is presented in user guide for end user.
- Removing of top cover is presented in user guide.
- Label is clearly visible after removing top cover of device.
- End user doesn't require any special tools to access label.
- Label is not removable.
- The FCC ID is on the label, 2-part statement is in the user guide due to device size.
- The label position can be found in the external photo exhibit (A-cover removed view).
