Version: Bluetooth 5.0 Playtime: Up to 12 hours at 50% volume
*Actual playback times may vary. Battery performance may be effected by multiple factors including but not limited to ambient temperature, listening volume, and/or distance from source audio device.

Basic Operations

Powering On/Off
Hold **[M]** power button to power on/off the headset. Please ensure the headset is fully charged before use.

Bluetooth Pairing / Connection
Turn on the product. Bluetooth mode will be activated automatically (The default setting is bluetooth pairing mode NOT ANC mode). Enable bluetooth function on your media device. Search the bluetooth device named BTAND, and select BTAND to connect (pair). After successful connection you will hear "your bluetooth device is connected". Now you can play music, or use bluetooth phone functions.

Music Playback Functions

- [M]** Press "M" button to turn on/off ANC. In ANC mode, the LED light will be green color and remain on and still.
- [V-]** Press button to decrease volume. Hold button for previous song.
- [V+]** Press button to increase volume. Hold button for next song.
- [P]** Press button to play or pause song. Press button to answer or end call. Hold button to reject call. Double click button to resume the recent call. Triple click to voice assistant.

Cable included

1. 3.5mm Auxiliary cable
Standard 3.5mm AUX cable included. Allows you to use the wireless headphone with wired audio devices. Just plug the AUX cable into any 3.5mm stereo output jack.

2. TYPE-C USB, DC 5V USB
To charge device:
Plug the provided USB-C® charging cable into the charging port on your headset and plug the large end into the usb port on a computer, or usb adapter (not included). It may take up to 5 hours to charge the device

Warnings & Precautions

- CAUTION:** To prevent electric shock, match the wide blade of the line cord plug to the wide slot of the AC receptacle. Insert the plug fully into the receptacle.
- WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
- CAUTION:** Use of controls or adjustments or performance of procedures other than those specified may result in hazardous radiation exposure.
- WARNING:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Important Safety Instructions

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not use this apparatus if it has been damaged in any way. Repair or replacement of any part of this apparatus should be made by a qualified service technician. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- Headphones are capable of producing sound levels which can be harmful to your hearing. Do not listen at high volume for prolonged periods of time. Headphones may block out surrounding sounds. Never wear headphones while operating a vehicle. Use with caution. User assumes all risks associated with the use of this product.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
- Headphones are capable of producing sound levels which can be harmful to your hearing. Do not listen at high volume for prolonged periods of time. Headphones may block out surrounding sounds. Never wear headphones while operating a vehicle. Use with caution. User assumes all risks associated with the use of this product.

90-Day Warranty

Sentry warrants this product to be free from defects in materials and workmanship for 90 days from the date of original purchase. This warranty does not pertain to damage resulting from accident, abnormal use, misuse or neglect. Any defective product will be replaced if returned to an authorized Sentry dealer or to Sentry directly at: P.O. Box 885, One Bridge St. Hillburn, NY 10931. Please enclose a check for \$5.00 for shipping & handling.

FCC Compliance Statement
FCC: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
FCC ID: 2AC4BTAND Model: BTAND

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.*
