SEPTEMBER 15, 2014

CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

Infrax Systems Inc. respectfully requests confidentiality of certain materials provided with the submission of the COMMOD01 under FCC ID: 2ACQD-COMMOD01 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the schematics, theory of operation and block diagram contained in this filing and included in the following files.

14-2071 – Schematics.pdf

14-2071 – Theory of Operation.pdf

14-2071 – Block Diagram.pdf

The COMMOD01 has been developed at considerable effort and expense by Infrax Systems Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

All items listed are protocol documents, schematics, BOM, and lab notes. The Lab notes contains detailed operating and trade secrets including in house testing notes and tuning/calibration notes, which cost Infrax Systems considerable time and money.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Defant", is written over a black rectangular redaction mark.

Kevin Defant

Product Development Engineer
