Re: FCC ID: 2ACQD-COMMOD01

To Whom It May Concern:

The following application is submitted on behalf of our client, Infrac Systems, Inc, for evaluation of their model COMMODO1 for certification under FCC Part 15.247 for modular approval.

The COMMODO1 is a stand-alone module consisting of a single printed circuit board which is designed to be integrated into specific host devices. The unit operates in the 2.4 GHz ISM band. The unit was evaluated while connected to the host interface board (HIB) which provides a 2.5 dBi printed dipole antenna.

The FCC ID: 2ACQD-COMMOD01 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads "R. Sam Wismer". The signature is written in a cursive style with a large initial 'R'.
