## Declaration over identical devices concerning the CE/FCC/IC regulations

This is to certify that SES-imagotag products with new model syntax scheme are technically identical to the former used model syntax. See table below for a detailed explanation.

These devices use the same hardware, with the same components and radio. The difference is solely a new model-code-syntax.

NEW	OLD	Declaration of Similarity
<b>VUSION 1.6</b> <b>Model:</b> EDG2-0160-A <b>FCC:</b> 2ACQM-EDG2-0160-A <b>IC:</b> 12154A-EDG20160A	<b>VUSION 1.6</b> <b>Model:</b> 020 <b>FCC:</b> 2ACQM-E00020 <b>IC:</b> 12154A-E00020	Yes
<b>VUSION 2.2</b> <b>Model:</b> EDG2-0220-A <b>FCC:</b> 2ACQM-EDG2-0220-A <b>IC:</b> 12154A-EDG20220A	<b>VUSION 2.2</b> <b>Model:</b> 022 <b>FCC:</b> 2ACQM-E00022 <b>IC:</b> 12154A-E00022	Yes
