

Antenna Compliance

According to FCC 15.203, an intentional radiator shall be designed to ensure that no antenna other than that furnished by the responsible party shall be used with the device. The use of a permanently attached antenna or of an antenna that uses a unique coupling to the intentional radiator shall be considered sufficient to comply with the provisions of this section.

The following picture is the antenna of the EUT

Antenna of this product is unique antenna and unchangeable; fulfill the requirement of this section
