of Transportation

**Federal Aviation  
Administration**  
FEB - 6 2015

800 Independence Ave., S.W.  
Washington, DC 20591

Mr. Andy Leimer  
Federal Communications Commission  
7435 Oakland Mills Road  
Columbia, MD 21046

Dear Mr. Leimer:

The Federal Aviation Administration, Spectrum Engineering Services Group has received the ACSS, letter dated February 04, 2015 as notification regarding a request for Federal Communications Commission (FCC) certification of the ACSS Multi Link Transponder part number 9029000-20000 (Model NGT-9000), FCC ID#: 2ACTZMSS90. This transponder would operate in 1030 MHz, 1090 MHz within the United States National Air Space.

The Spectrum Planning and International Group has reviewed the data presented by ACSS and has found "no objection" to the FCC granting certification to this equipment, for the parameters specified above.

If you require any additional information, please contact Ms. Annette Allender, Electronics Engineer, with the Spectrum Planning and International Group, at (202) 267-3893 or via e-mail [annette.allender@faa.gov](mailto:annette.allender@faa.gov).

Sincerely,

Robert A. Frazier  
Manager, Spectrum Planning  
and International Group
