## Request for Transmitter Modular Approval

Model: NJR4262F3P5, NJR4262F3P3

FCC ID: 2ACUJR4262

The modular transmitter complies with the following requirements in FCC Part 15 Section 15.212 for Modular Approval:

### Transmitter Module Characteristics:

		Requirement	Comment
1.	Yes	The radio element of the modular transmitter has its own shielding.	<i>Shielding is provided by metal cover</i>
2.	Yes	The modular transmitter must have buffered modulation data/inputs (if such inputs are provided).	<i>Due to an nature of the modular, any buffered function is not necessary</i>
3.	Yes	The modular transmitter must have its own power supply regulation.	<i>Power supply regulation is performed by regulator IC</i>
4.	Yes	The modular transmitter must comply with the antenna requirements of FCC 15.203 and 15.204(c).	<i>Structure integrated patch antenna</i>
5.	Yes	The modular transmitter must be tested in a stand-alone configuration, i.e. the module must not be inside another device during testing.	<i>The modular transmitter was tested in a stand-alone configuration. Refer to the test report for more details.</i>
6.	Yes	The modular transmitter must be labeled with its own FCC ID. If the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module.	<i>The modular transmitter is labeled with its own FCC ID. As it is not visible when the module is installed into the host device, the label of the host device will bear the wording "Contains 2ACUJR4262".</i>
7.	Yes	The modular transmitter must comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.	<i>The EUT is compliant with all applicable FCC rules. Detailed instructions are given in the user manual.</i>
8.	Yes	The modular transmitter must comply with any applicable RF exposure requirements.	<i>The modular transmitter complies with RF exposure requirements. Refer to the RF exposure statement for more details.</i>
