

## Naim BTM1254 module manual

Model name  
Model: BTM1254

### FCC Compliance Statement

*"This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."*

#### A. Part 15 Clause 15.105 [ EMC Class A/B statement ]:

*"Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:*

- *Reorient or relocate the receiving antenna.*
- *Increase the separation between the equipment and receiver.*
- *Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*
- *Consult the dealer or an experienced radio/TV technician for help."*

#### B. Part 15 Clause 15.21

*"Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment"*

#### C. For RF Exposure, normally Bluetooth radios are exempt from portable SAR at a 5mm separation distance so the following statement would be required (but it may need to include a 20cm distance if it is not exempt depending on power level):

**"RF Exposure Guidance:** *This equipment complies with FCC and Industry Canada radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter, except in accordance with FCC and Industry Canada multi-transmitter product procedures."*

IC Statement  
CAN ICES-3 (B)/NMB-3(B)

*"This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.*

*Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. »*

To meet the FCC and ISED host device labeling requirements, the host for the BTM1254 Bluetooth Module must include the FCC ID/IC certification number on the host label as follows:

Contains FCC ID: 2ACUR BTM1254

Contains IC: 12217A-BTM1254
