

**Confidentiality Request**

Date: 6th July 2021

Subject: Confidentiality Request for: Metnet 60G Mesh V2 (FCC ID: 2ACV4-M60G-004)

Pursuant to CFR Title 47 Telecommunication Federal Communications Commission §0.457(d) and §0.459 and IC RSP-100, Section 6.4, Cambridge Communication Systems Ltd requests that parts of the FCC application be held confidential.

The Mesh V2 is a 60 GHz mmW fixed wireless product which will be able to deliver Gigabit performance broadband services to markets such as rural areas.

Cambridge Communication Systems Ltd has spent substantial time and effort in developing the Metnet 60G Mesh V2 which is one of the first of its kind in the industry. The product will not be available to the public but only to Cambridge Communication Systems partners and affiliates under NDA.

Having the sensitive design information being easily available to "competition" would negate the advantage we have achieved by developing this product. By not protecting the details of the Metnet 60G Mesh V2 design will result in the financial hardship of the business which in turn would inhibit the development of new broadband services which are currently being sought in the USA.

<b>Type of Confidentiality Requested</b>		<b>Exhibit</b>
<input type="checkbox"/> Short-Term	<input checked="" type="checkbox"/> Long Term	Block Diagrams
<input checked="" type="checkbox"/> Short-Term	<input type="checkbox"/> Long Term	External Photos
<input type="checkbox"/> Short-Term	<input checked="" type="checkbox"/> Long Term* <sup>1</sup>	Internal Photos
<input type="checkbox"/> Short Term	<input checked="" type="checkbox"/> Long Term	Operation Description/Theory of Operation
<input type="checkbox"/> Short Term	<input checked="" type="checkbox"/> Long Term	Parts List & Placement/BOM
<input type="checkbox"/> Short Term	<input checked="" type="checkbox"/> Long Term	Tune-Up Procedure
<input type="checkbox"/> Short Term	<input checked="" type="checkbox"/> Long Term	Schematics
<input type="checkbox"/> Short Term	<input checked="" type="checkbox"/> Long Term* <sup>2</sup>	User's Manual

<sup>1</sup> KDB 726920 II Long Term Confidentiality, 3) a) Internal Photos 2.

Cambridge Communication Systems Ltd seeks Long-Term Confidentiality as the Metnet 60G Mesh V2 is not accessible to the public. The product will be inaccessible as it will be mounted within restricted access (>5 meters from the ground level) mounted on building structures e.g. towers, lamp posts, sides of buildings, out of the reach of the public. The equipment will only be accessible and serviceable by professional designated technicians under an NDA restricting the disclosure of the proprietary information including internal photos.

<sup>2</sup> KDB 726920 II Long Term Confidentiality, 3) b) User Manuals

Cambridge Communication Systems Ltd seeks Long-Term Confidentiality as the User Manuals contain proprietary technical information. The User Manuals are only made available to professional designated technicians under NDA restricting disclosure of information.

**Long-Term Confidentiality Request:**

Cambridge Communication Systems Ltd requests the exhibits listed above and be withheld from public view due to materials that contain trade secrets and proprietary information not customarily released to the public.

**Short-Term Confidentiality Request:**

Cambridge Communication Systems Ltd requests the exhibits selected above be withheld from public view for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify ACB in the event information regarding the product or the product is made available to the public. ACB will then release the documents listed above for public disclosure pursuant to FCC Public Notice DA 04-1705.

**NOTE for Innovation, Science and Economic Development Application:**

Innovation, Science and Economic Development (ISED) currently only distinguishes Long-Term Confidentiality exhibits as shown above. Short Term confidentiality is not considered applicable to ISED applications.

Sincerely,

By: (
