Warning: After resetting the device, Google account, data, system settings, and downloaded applications will be removed from your tablet.

13 Battery Management

The battery is not fully charged from factory, so it is recommended that you charge the battery for at least 6 hours before you start to use the device.

The rechargeable battery is designed and manufactured to be used and recharged frequently. As same with all of lithium batteries, the capacity of the battery reduces each time it is charged. However, you can still try to prolong the battery's lifetime by following the suggestions below:

- Use your Tablet at least once a week.
- Fully charge the battery regularly.
- Never leave the battery fully discharged for a long period of time.
- Always keep the device and the battery away from heat and moisture.

14 Charge Battery

Plug the power adapter into an electrical wall outlet and then connect to the device to fully charge the battery before use.

When fully charged, the battery icon displays as:

A fully discharged battery will take you approximately 6 hours, but you can use the device while it is being charged.

Do not use other adapters than the one provided in your packaging, it may cause damage to the Lithium battery inside.

Do not attempt to open the tablet to replace the battery inside, this will damage the tablet and void the warranty.

15 Important Safety Precautions

Always follow these basic safety precautions when using your Tablet. This reduces the risk of fire, electric shock, and injury.

- Do not expose this product to rain or moisture.
- Keep the device out of direct sunlight and heat sources.
- Do not place other objects on LCD screen, as it may crush and damage the LCD screen.
- Do not use any sharp objects to touch the LCD screen, as this will scratch the screen.
- Only use the AC adapter included with the device. Using any other power adapters will damage your tablet and void the warranty.
- Do not attempt to dismantle the tablet by yourself to do any repair,

this will damage the tablet and void the warranty.

16 Clean Your Device

To clean fingerprints or dust from the screen, we recommend to use soft, non-abrasive and non-corrosive cloth for cleaning, such as a camera lens Cloth.
