In re: Remote Insights Inc. application for certification FCC ID: 2AD3V-BA1

To whom it may concern:

Remote Insights is submitting this application for certification of their product called the Beacon. The Beacon is an ISM transmitter that operates at 908.5MHz. This device transmits a data packet using a 2GFSK signal with a 40kbps data rate and a 20 kHz deviation. We are seeking original certification for this device under FCC Rule Part 15.231.

Sincerely,

A handwritten signature in black ink that reads "Jim Cairns". The signature is written in a cursive, flowing style.
