View 2**

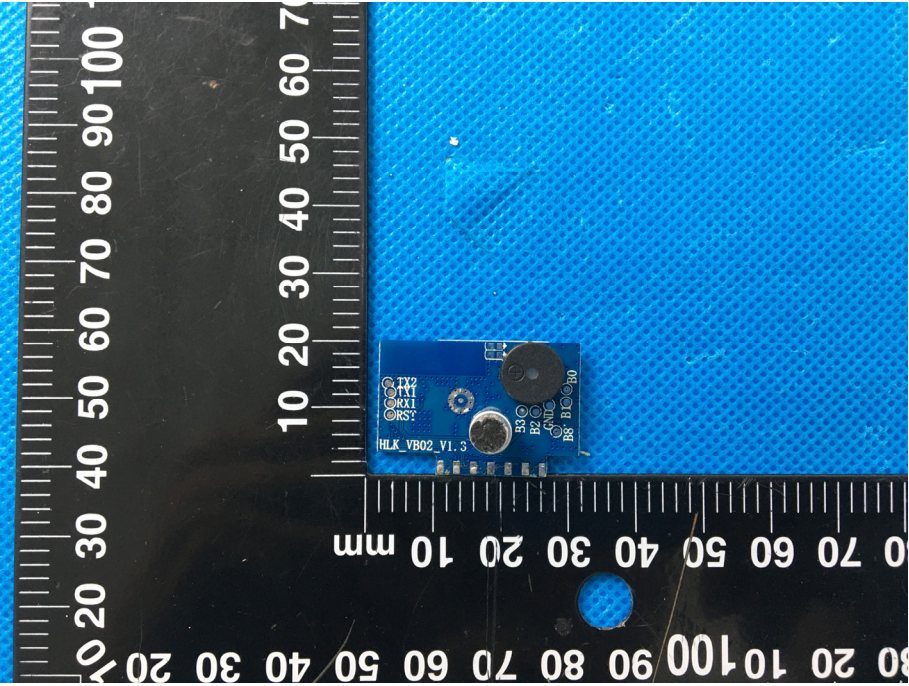

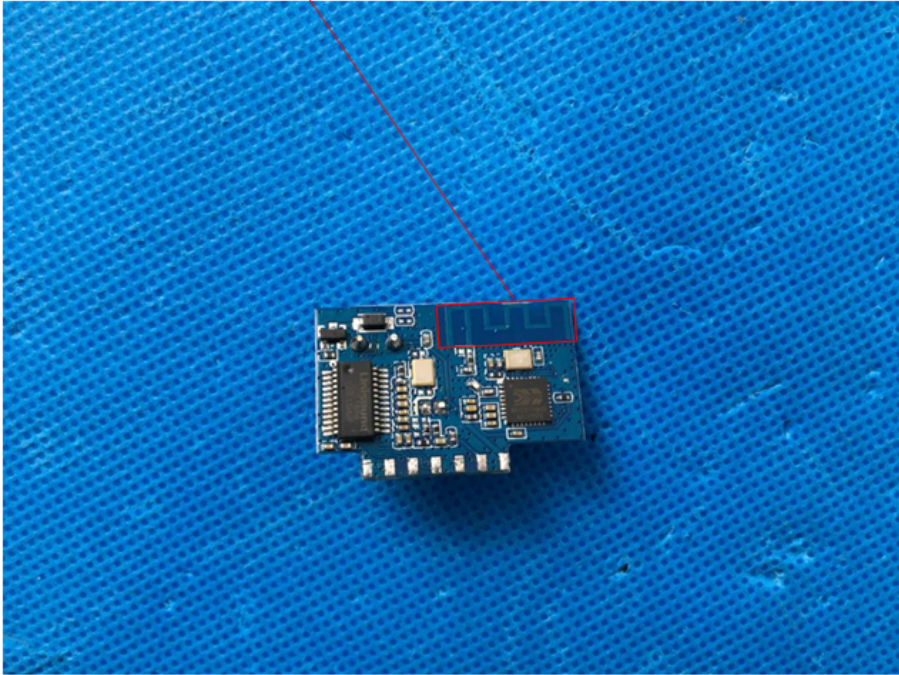

Solder Board-Component View 1	 A photograph of a blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is circular and features various electronic components, including a large black integrated circuit (IC) at the top, several electrolytic capacitors, and a smaller IC at the bottom right. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).
Solder Board-Component View 2	 A photograph of the same blue printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is circular and features various electronic components, including a large black integrated circuit (IC) at the top, several electrolytic capacitors, and a smaller IC at the bottom right. The component is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).

Solder Board-Component View 5	 A photograph of a small blue PCB component, labeled HLK_VB02_V1.3, placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 100 mm. The component has several surface components, including a large black circular component and a smaller silver component.
Antenna View	WIFI/BT Antenna  A photograph of the same blue PCB component from a different angle, showing the underside. A red rectangular box highlights the antenna area, and a red line points from the label 'WIFI/BT Antenna' to this area. The component is placed on a blue textured surface.
