This image shows the internal components of a mobile device, including the motherboard and a custom carrier board. The carrier board, which is a dark-colored PCB, is mounted on the main green motherboard. It features a large black chip labeled "Qualcomm QCN5022 000 FX136L4B". Other components on the carrier board include capacitors (C823, C97, C212) and resistors (R987). The main motherboard is green and has various components, including a USB port, a 5CH3 2CH0 2CH1 J10 connector, and a USB connector labeled "USB CONN U68". The carrier board is secured by a black circular fastener.
