Class II permissive change request letter

Manufacturer: Oura Health Oy

Model: LE1

FCC ID: 2AD7V-OURA2101

We, Oura Health Oy, pursuant FCC §2.1043, hereby request the evaluation of a Class II permissive change as described below for the LE1 product.

The changes made to the currently certified model are gold decorations added to ring cover as well as a new model name associated and do not degrade the characteristics currently reported and accepted

No changes to transmit power output, modulation or frequency have been made.

The main changes introduced in the device:

- Gold decorations added to ring cover
- A new identification of the product LE1 was added

Therefore, the LE1 model can be considered to be electrically identical to the corresponding already assessed Gen3 product.

New user manuals for these models have been developed to describe the product, following the general format of the certified models.

Yours sincerely,

By: Jyri Suokas
