

EXHIBIT 2

**Section 2.911 (d) CERTIFICATION OF TECHNICAL TEST DATA**

To Whom it may Concern:

This is to certify that the **AWHHF Airscale Micro RRH 4T4R 5G n41 4x20W** with **FCCID: 2AD8UAWHHF01**, manufactured by Nokia is compliant with the LTE-TDD, 4G (Long Term Evolution-Time Division Duplex) and 5G-NR transceivers and operates in B41 Broadband Radio Service (BRS) spectrum (2496-2690 MHz).

Raymond J. Johnson  
Technical Manager  
FCC Compliance Test Group

**Section 2.911 (e) QUALIFICATION OF ENGINEERS**

Steve Gordon is a Member of Technical Staff at Nokia. He received a BSET degree in 2001 from The New Jersey Institute of Technology, Newark College of Engineering. He has more than 19 years of experience in the EMC regulatory industry. He has developed test plans and conducted RF tests including the required FCC tests for radio equipment certification. Steve is the Lead engineer for the FCC filing of the subject product at Nokia.

Section 2.911(d) CERTIFICATION OF TECHNICAL TEST DATA

I hereby certify that the technical test data are the results of tests supervised by me.

Steve Gordon  
Member of Technical Staff
