Subject: Request for confidentiality
FCC ID: 2AD8UFTHJ01

To whom it may concern:

Permanent confidentiality

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, the Applicant Hereby requests confidential treatment of information accompanying this Application as outlined below:

- Block Diagram
- Schematics
- Operational Description
- Bill of Materials (BOM)
- Tune up procedure
- Users Manual
- Internal Photographs

Confidentiality of the User Manual is maintained by requiring that any party that is supplied a user manual must first sign a non-disclosure agreement. Currently only cellular system operators have access to these manuals. Internal photos are kept confidential by virtue of the fact that the end product is a non-consumer product, certified and housed in a sealed enclosure, and is only accessible by trained /approved maintenance personnel.

Further, the Applicant has spent substantial effort in developing this product, some aspects of which are deemed to be trade secret and proprietary. Having the subject information easily available to our competitors in this market would negate the advantage we have achieved by developing this product. Not protecting the details of the design will result in financial hardship. Thank you for your consideration in this matter.
