Columbia, MD 21046

Attn: OET Dept.

RE: Description of Permissive Change

Applicant: Nokia Solutions and Networks

**Dear Examiner,**

This is to request a Class II permissive change for Indoor WiFi Access Point FCC ID: **2AD8UFZCWI2B1** in order to enable DFS channels. No modification to the previously type approved RF circuitry was required to accommodate this change. Only a SW change was required. For reference, original FCC grant was issued on 11/02/2017. If you have any questions regarding this application, please feel free to contact me.

Regards,

(Signature)
