

Software Version Change Declaration

Manufacturer: Danlaw Inc.

Address: 41211 Vincenti Court
Novi, MI 48375
USA

Declares that for the product:

Commercial name:	Danlaw Data Logger
Model number:	DL970
HW:	2.0
SW:	1.4.1.0

Software version has been changed from 1.4.0.0 to 1.4.1.0 due to modifications made during the Connection Efficiency testing for PTCRB certification.

Changes are listed below:

- The flash scrub feature was made customizable and disabled by default. Flash scrub is a feature to increase the NAND lifetime (15+ years).
- Added AT command AT_ORPMDBG to get information about the RPM parameters. This command only outputs the RPM parameters, they cannot be changed.

In addition, two NV items were changed:

Item 67210 -> 1 20 0 0 0 10 0

Item 73989 -> 1
