

CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Date: August 24, 2021

Gentlemen:

- Acuity Brands Lighting, Inc. respectfully requests confidentiality of certain materials provided with the submission of the HALEON BTP under FCC ID: 2ADCB-HALEON in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the 1) Schematic, 2) Detailed block diagram, 3) Theory of operation, 4) Parts list, 5) User Guide/Manual contained in this filing and included in the following files.

16-3027 – System Block Diagram.pdf

16-3027 – Theory of Operation.pdf

16-3027 – Schematics.pdf

16-3027 – Parts List.pdf

16-3027 – User Manual.pdf

The HALEON BTP has been developed at considerable effort and expense by Acuity Brands Lighting, Inc. This item is one of the first of its kind in the industry and these exhibits contain the working and functional operation formation about the item which includes how the item is constructed. Public access to HALEON BTP is limited due to mechanical constraint and HALEON BTP is serviceable only by the professional technicians at Acuity Brands Lighting Inc. Public access to the proprietary material would negate the competitive advantage that we have achieved by developing this item. Not protecting the details of the design could severely damage the company's business advantage.

The User Manual for HALEON BTP will be held confidential and not released to any third party without NDA. The User Manual contains proprietary technical information intended for Acuity Brands employees only. All sales of HALEON BTP will be under a NDA to include third party sales and that the final user of the device is subject to the NDA.

I appreciate your assistance in this matter.

Sincerely,

Name: Alex Bahk
