

SPINNING STUNT VEHICLE  
WITH LED LIGHTS

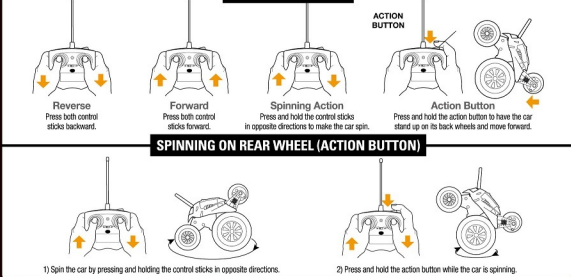

## radio controlled 360° rally car thunder tumbler®

### OPERATING INSTRUCTIONS

Operation requires 4 "AA" 1.5V alkaline batteries (not included) for car and one 9V battery (not included) for remote control.

1. Carefully remove items from package.
2. Locate the battery compartment on the back of each item (see diagram on right).
3. Swivel latches on bottom of car to release battery pack and insert batteries.
4. Switch both car and remote buttons to "ON" position.
5. For best results, use the car on hard surfaces such as wood or tile.

### GENERAL CONTROLS

### SAFETY PRECAUTIONS

- Do not operate during thunderstorms or rain.
- Avoid water, sand and snow when operating car.
- Do not submerge car or controller in water.
- Never operate your car on the street or highway.
- Never operate your car in a confined or crowded area, and do not use people or pets as obstacles.
- Do not run your car into furniture, objects or hard surfaces, as this will cause damage to both the object and the car.
- Keep fingers, hair and loose clothing away from the tires, gears and motor while the car is switched to "ON".
- Do not leave car in transmitter's near sources of heat or under direct sunlight for long periods of time.
- Do not leave car in transmitter's near sources of heat or under direct sunlight for long periods of time.
- Remove all batteries when not in use to avoid accidental operation.
- Adult supervision is recommended when operating this car.

### BATTERY WARNING:

- Do not use alkaline, rechargeable or other types of batteries in the car.
- Do not use alkaline, rechargeable or other types of batteries in the remote control.
- Do not use alkaline, rechargeable or other types of batteries in the car or remote control if they are damaged, swollen, leaking, or if they are not the correct type.
- Do not use alkaline, rechargeable or other types of batteries in the car or remote control if they are not the correct type.
