
User Guide

Model No.: OontZ Angle PLUS

Customer' s information such as website address, telephone, company address etc.

Thank you for purchasing our portable speaker. Please read these instructions completely, before operating this product.

IMPORTANT SAFETY INSTRUCTIONS

Read these instructions - All the safety and operating instructions should be read before the appliance is operated.

1. Clean only with dry cloth - The appliance should be cleaned only as recommended by the manufacturer.
2. Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
3. Close the power switch and take out the batteries during lightning storms or when unused for a long periods of time.
4. Object and Liquid Entry - Care should be taken so that objects do not fall and liquids are not spilled into the Enclosure through openings.
5. Servicing - The user should not attempt to service the appliance beyond that described in the operating instructions. All other servicing should be referred to qualified service personnel.

BATTERY PRECAUTIONS

Follow these precautions when using batteries in this device:

1. Warning-Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
2. Use only the size and type of batteries specified.

-
3. Be sure to follow the correct polarity when installing the batteries as indicated in the battery compartment. Reversed batteries may cause damage to the device.
 4. Do not mix different types of batteries together (e.g. Alkaline, Rechargeable and Carbon-zinc) or old batteries with fresh ones.
 5. If the device is not to be used for a long period of time, remove the batteries to prevent damage or injury from possible battery leakage.
 6. Do not try to recharge batteries not intended to be recharged; they can overheat and rupture. (Follow battery manufacturer's directions.)
 7. Clean the battery contacts and also those of the device prior to battery installation.
 8. Remove batteries promptly if consumed

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does

cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
