AVOID HOT SPOTS
Get started

Follow the instructions at **airtame.com/setup**

If you need help, you can always reach us at **airtame.com/support**
Attention!

The adhesives included are non-removable and should only be used for permanent mounting.

Magnetic wall mount

Flexible mounting

Fix the magnetic wall mount to the back of the Airtame 2 and attach it to a magnetic area **without** removing the protective seal. The backs of many TVs are magnetic.

The magnet **will not** damage the TV or projector.

⚠ **Permanent mounting**

The non-removable adhesive is optional and can be stuck to a hard surface, such as a wall. Use the non-removable adhesive for **permanent** installation.

≈ AIRTAME

Installation guide
The optimal installation is only a few steps away

1. Plug in the Aircord

Plug in HDMI to the TV and connect USB A to the power supply. Use the provided power supply to power the Airtame 2, or the Airtame PoE to USB Adaptor.
⚠ **Do not** power Airtame 2 via the TV.

⚠ **Do not** extend the USB part of the Aircord.

2. Mount the Airtame 2

For optimal streaming, mount the Airtame 2 on the wall approx. 10 cm / 4 inches from the edge of the TV using the non-removable adhesive.

Approx.
**10 cm /
4 inch**

⚠ **Only use** the non-removable adhesive for permanent mounting.

**Fix** the magnetic wall mount on the back of the Airtame 2.

**Remove** the protective seal and expose the **non-removable adhesive.**

3. Cable management

Keep the Aircord straight and stick the cable splitter to a surface behind the TV.

Press gently to ensure that the non-removable adhesive sticks to the surface.

Hold Airtame 2 onto the magnetic wall mount while plugging in the USB-C cable.

Remove the protective seal and expose the **non-removable adhesive.**

4. Download the Airtame app

1. Go to airtame.com/setup and download the Airtame app that fits the operating system.

To connect to your Airtame, users need to download the Airtame app.

Airtame – Helpcenter

https://airtame.com/setup

2. Install app and follow the instructions.

3. Create an organization at **airtame.cloud** and add the Airtame 2 for easy management and more.
