STREAM MUSIC AND ANSWER CALLS
FROM YOUR CAR, RADIO, OR STEREO

ENJOY BLUETOOTH AUDIO

The simple MyJack2 replaces your inconvenient aux-in cable, allowing you to connect your Bluetooth® enabled device to your car radio, speaker, or hi-fi. No wires are necessary. Just charge up, plug in, connect via Bluetooth, and go. You can even connect two devices at the same time using multi-point technology.

Rediscover your love of road trips as your MyJack2 helps you set the mood with your tunes. As long as you have your Bluetooth device, you have your music.

The device must be setup before you drive. You must stay in full control of your vehicle at all times.
